V. S. JACOBO ROBSON

ſ. d. CAR. LINNÆUS.

Accepi ante octiduum literas tuas d. 30 Junii. Obſtupeſcunt extranei ad adſpectum operum Anglorum, quæ in hiſtoriâ naturali prodeunt, et quorum ſimulia nullibi vidit orbis et ſero viſurus eſt, Cateſby Carolina, Elliſii Carallinæ, Ehretii figuræ, Milleri ordines, Edwardi Aves, &c.

Edwardi Aves certe primum locum tenent, inter omnia opera, quæ in Ornithologiâ prodiere, in quibus dubius hæreo, utrum magis extollam auctoris infinitam diligentiam in conquirendo rariſſimam copiam avium novarum ex toto orbe, et acutiſſimè deſcribendo earum ſtructuram; an figuras dando vivas et accuratiſſimas, et quales mundus antea non vidit. Optimè itaque facis, quod des novam editionem, ne deficiat opus naturæ conſultis, quo carere nequeunt.

Novam ego adorno editionem Syſtematis Naturæ multùm auctam, quam hoc anno abſolvere nequeo, ſed proximo vere, v. D. paratam præſtabo.

D. Forſterum veſtratem cum toto orbe ardenter exſpectamus, quem novimus ut ex ungue Leonem.

Evolvi immortale opus Edwardi, adpoſui raptim meas nomenclaturas ad mandatum tuum. Tibi fauſta omnia adprecor.
